

Test/Exam Proctoring at Siouxland Libraries

Test proctoring is available at all Siouxland Libraries locations. The following conditions apply:

1. The student must call the library to arrange a time and date for the test. The library will provide contact information (address, telephone number, and email) for the student to give to the school.
2. The school will send the test to the library. The student is responsible for verifying that the test has arrived. If it has not, the student is responsible for following up with the school. The school or student shall provide a return envelope and adequate postage.
3. If the test is via the Internet, library staff will schedule a computer for the time required for the test. When students schedule an Internet test, they need to state how long the test is.
4. Tests will be proctored during normal library hours.
5. Students must arrive on time, particularly if the test is on the Internet.
6. Any library staff member available at the time the student arrives must be acceptable as the proctor.
7. The student must not require direct supervision while taking the test. In the case of a written exam, staff will hand out the test and collect it when completed. The test will be mailed back to the school in the next mail pickup from the branch at which the test was taken. Internet tests will be monitored in accordance with time restraints.

If these conditions are acceptable to both the student and the school, we will be happy to proctor the exam. If you have any questions, please ask at the branch where you wish to have the test proctored. A list of library contact information can be found on the back of this form.
