

STROLLER POLICY

- Guardians are responsible for boarding and deboarding the stroller.
- Strollers must not block or restrict the width of the aisle.
- Parents may place child and stroller in the area designated for wheelchairs but it must be vacated if it is needed for a rider in a wheelchair.
- A rider with a stroller may request the use of the lift or ramp if needed.
- If the bus is crowded, a child must be placed on the guardian's lap and the stroller folded up.
- The bus driver is responsible for enforcing this policy and may deny boarding if the policy is violated.
