There will be a PSA this spring.
- *City Engineering:*
  - Active Pedestrian Committee Discussion - Sam Trebilcock and Jeff Schmitt from the City of Sioux Falls Planning Office attended the meeting representing the Bicycle and Pedestrian Committees to discuss a Bike/Path/Pedestrian committee that would become an official committee. It would involve more citizen participation and give them a voice. A request for more discussion and review the by-laws.

## SIoux FALLS SCHOOLS TRAFFIC SAFETY COMMITTEE

- Sonia Sotomayer Crosswalk – There is a crosswalk is on the east side of the building that has a curb, not a ramp, and is midblock in the middle of the drop off lane. There are ramps at each corner, which the City is planning to replace this summer. We plan to remove the crosswalk that is midblock - signs and markings. All agreed it would be safer to cross at the corners rather than midblock in the drop off lane.
- Deesignline equipment by Hawthorne – In conjunction with the North Minnesota Avenue project, the City will put in a temporary bike and pedestrian lane separated by delineators on Second or Third Street over by Hawthorne.
- *Private Schools:* None
- *Public Schools:* None
