Officer Travis Olsen representing the Police Department.

Change Nancy Hagen's title to Middle School Principal.

Miller received a complaint too late to put on agenda for Hawthorne Elementary at Fifth Street and Spring Avenue. Kids are coming down the hill fast on Fifth Street to the Kum & Go in the morning causing some close calls with cars. Other than educating schools to pass on to resource officers, there are stop signs north and south, and painted crosswalks.

## SIoux FALLS SCHOOLS TRAFFIC SAFETY COMMITTEE

- *City Engineering:*
  - a) **Crosswalk on 95th Street and Endeavor Elementary.** The exhibit that was distribute, there are two red lines, one right at path by Endeavor, and another one at Harrisburg Middle School North is where we are anticipating putting crosswalks in. There is funding and as soon as we can find a contractor, we will put it in. The sidewalk on north side is still not continuous, that is the reason for no crosswalk there. There are control speed radar feedback signs that displays speed and flashes at certain threshold, painted the center skips, painted a white edge from Western to Regent Park Drive narrowing the street to reduce speed.
  - b) **Fred Assam Elementary Crossing/traffic control request.** Exhibit was distributed to show the existing crosswalks. A request has been made for at Golden Willow and Willow Wood, and at Red Spruce and Willow Wood. The neighborhood is also requesting a four way stop there and a north/south crosswalk. From the Traffic Engineering stand point, traffic volumes do not warrant a stop sign, however, since it is so close to a school and a PATH recommendation, we would put one there. Motion to approve all crosswalks and stop by Snobeck. Second by Reiter. Roll call: Yeses: Miller, Vik, Munzke, Office Olsen, Snobeck, Reiter, Hagen, Cazer. Notes: None. Motion passes.
  - c) **John Harris/Holy Spirit Elementary Schools/49th Street and Sycamore Avenue crossing.** Sycamore is a pretty high speed area. It is a 35 mph limit, speeds are around 40, 45 mph. Miller did send Sgt. Henkel and Lt. McIntire yesterday to see if we can get some enforcement out there when kids are crossing. Camera is out there right now, have not gotten results back, can discuss at next meeting. Doing traffic counts to see if how close it is to warrant putting signal in there. Crosswalk goes across south leg of intersection, little bit worn, will repaint that. Could put up flashing beacons up in the interim for people to pay attention to the crosswalk.
  - d) **Discovery Elementary PATH map changes.** Cazer met with the Principal at Discovery for changes to the PATH map for their school. Eliminate crossing at lone and push one at Justice, eliminating a conflict point of crossing driveway would not need as many crossing guards in the morning. Add one at Discovery at the four way stop at 22nd and Discovery.
- *Private Schools:* None
- *Public Schools:* None
