- *Police Department:* No Report

- *City Engineering:* Dallas reported the intersection of 53rd Street and Holbrook Avenue was converted into a four-way stop on Wednesday, December 22. Advance warning signs were also installed one block in advance on Holbrook Avenue. Since December 22 there have been no reported accidents at this intersection location. After the conversion, Lt. Miller stated the police patrolled this area and wrote several citations. He also acknowledged receiving a few complaints from motorists who received citations in lieu of warnings.

Dallas confirmed there are currently three unfilled positions on this committee. The unfilled positions would represent the following areas: a) Northwest Quadrant-Public

School, b) Southwest Quadrant-Public School, c) City PTA. One option this committee will pursue is to have Mayor Huether broadcast these positions city-wide. If the positions are published city-wide, the interested candidate will need to know they will be responsible for representing a public school in a specific quadrant or a PTA member representing all of the PTA organizations in the entire school district.
